threatening tariff revision cloud were removed, stocks ought to be jumping up.

"Four-cent" sugar, prophesied months ago by Ed Pollitz, is now a reality. Centrifugals are quoted at four and five-hundredths, and beet sugar at eleven shillings eight pence, a parity of 4.47.

The Waterkouse Trust Company received the news of the jump in sugar yesterday and expect the price will be maintained, although no news from the mainland has been received today Beet sugar gives promise of going higher and the optimistic here think that cane will also advance.

The market is unsettled to a considerable extent, and tariff news is eaglerly waited for. Ewa sold between boards at \$31.50 this morning, the same as yesterday, and then advanced twenty-five cents immediately after the morning session of the Honolulu Exchange. Pioneer has recorded a slump, selling today at \$200 as against the last reported sale at \$205. One hundred Hawaiian Commercial was sold between boards for \$38.50, and that ended the sales of sugar stocks. Five shares of Brewery at \$20.50 and scattering sales of Pahang preferred, rubber, at \$21, were also recorded by the Honolulu Exchange.

Why IsIt?

A customer asked the other day--- "Why is it that I always feel better in a hat with the Knox Label in it?" --- he had so long associated quality and correctness with the Knox Label that he had come to believe that the Label was sort of a talisman.

The label points the way---it has pointed the way for over 70 years to the HIGHEST POINT reached in hat making.

But it's always a true index; the sign-board of perfection; whether it be silk, stiff, soft felt or straw.

Then followed a second swatting of the mayoralty wrists by the solid six. Fern came back with the suggestion hat Sol Peck be appointed road supervisor for Koolaupoko district.
